
ERRATUM

Please note the following corrections in the article, "A Pedigree Primer," by Maureen H. Clark, Margaret Frankel, and Diane Trowbridge, which appeared in the *Journal of Pediatric Nursing*, vol 4, no 2, April 1989, pp. 112 to 118:

Page 112, Table 1: Italians also have beta-thalassemia.

Page 115, second column, line 5: A solid line, not a double line, indicates marriage.

Page 115, first column, line 16: Should read "consultand," not "consultant."

Page 117, second column, Case Study: Note that Usher's syndrome is a recessive disorder.
